### FEATURES

-  3", 4" AND 6" ROUND OR SQUARE
-  DOWNLIGHT, ADJUSTABLE OR WALL WASH
-  800-4000 DELIVERED LUMENS
-  2700K, 3000K, 3500K OR 4000K
-  80, 90 OR 97+ CRI
-  UGR<5
-  OPTICAL BEAM ANGLE RANGE 8° TO 65°
-  COMPATIBLE WITH 0-10V, DALI, DMX, LUTRON, ATHENA, ELV, CASAMBI AND NLIGHT DIMMING CONTROLS
-  120V-277V
-  SPUN ALUMINUM 6061 LENSING FRAME
-  18-8 STAINLESS STEEL TAMPER RESISTANT SCREWS
-  POLYCARBONATE (3MM) SHATTER RESISTANT LENSING

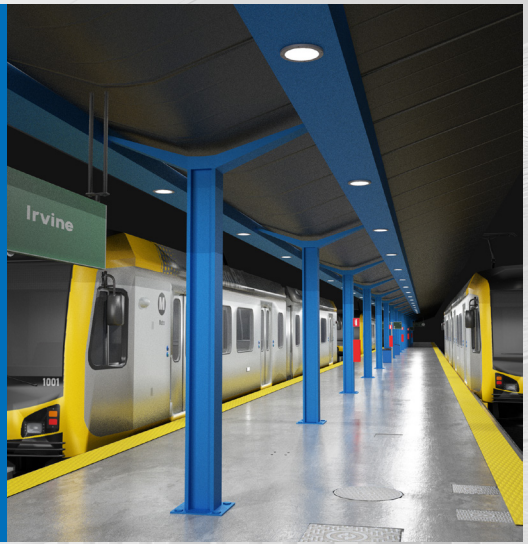

### SOLUTIONS

-  IP 65
-  AIRTIGHT
-  PLENUM RATED
-  DEAD FRONT
-  NSF
-  IK 10
-  NYS- OMH
-  ANTI-MICROBIAL
-  ANTI-LIGATURE
-  RED LIST APPROVED
-  CUSTOM RAL

## IK 10 ANTI-LIGATURE

This anti-ligature fixture is made with safe, durable materials and features an IK10 rating—the highest level of impact resistance, withstanding 20 joules of force (equal to an 11-pound object dropped from 16 inches). It includes a 0.25" impact-resistant polycarbonate lens and a locking aluminum frame with vandal-resistant screws.

## NYS-OMH NEW YORK STATE OFFICE OF MENTAL HEALTH

New York State has a large, multi-faceted mental health system that serves more than 900,000 individuals each year. OMH also regulates, certifies and oversees more than 4,500 programs, operated by local governments and nonprofit agencies. The NYS-OMH has reviewed our Tamper-Resistant Downlights for high-risk environments, meeting their meticulous standards.

## ANTI-MICROBIAL OPTION

Our antimicrobial paint is a clear, EPA-registered latex coating that can kill certain bacteria, mold, and mildew on painted surfaces within two hours of exposure. It eliminates 99% of bacterial growth and lasts the lifetime of the fixture.
